

GREAT NEWS! Parent and Student Grade Portal account creation is now automated! (Accounts will no longer require a verification code)

Accounts are created by:

Parent Portal Access: An email will be sent to their parent email with directions on how to access the Aeries Grade Portal. Parent email is entered in Aeries Contact section under Contact Details and Portal? field is marked "Yes". Sites enter/update parent emails and can change Portal? field to "Yes" which will automatically create a portal account and initiate an account direction email.

Student Portal Access: All student accounts automatically created by the TechEd Department using their @vystu.org email address. An email will be sent to their district email only with directions on how to access the Aeries Grade Portal.
